

Department of Computer Science and Automation
Indian Institute of Science, Bengaluru, India

Narendra Summer Internship 2017

The Department of Computer Science and Automation (CSA), Indian Institute of Science, announces the Narendra Summer Internship Program.

- The summer internship is open to bright and motivated second year, third year and fourth year B.E./B.Tech students in India.
- Each intern will be assigned a faculty member of CSA to mentor them during the internship. The interns will be expected to spend at least 2 months at CSA; the exact dates are flexible, and may be decided in consultation with their respective internship mentors. The internship would have to be completed by August 31, 2017.
- Each intern will be provided a total stipend of Rs. 20000, which will be paid after the completion of the internship. There will be no additional compensation given for travel and/or other expenses related to the internship.
- The interns will have to make their own accommodation arrangements; the department will not be providing accommodation.
- It is preferable that the interns use their own laptops for their project; networking and internet resources will be provided by the department.

The last date for applying is April 14, 2017. The applications will be reviewed by a committee of faculty members at CSA, and the selected candidates will be informed of their selection by April 28, 2017. The decision of the selection committee will be final and no correspondence in this regard will be entertained.

More information about this internship, including the procedure to apply, can be found here: <http://events.csa.iisc.ernet.in/internship2017/>.
